

# How to Market Trans D Tropin

## ➤ Marketing Method 1 - Your Own Domain Name

If you purchased your first Trans D Tropin bottle, you should already have your UAL. If you didn't, click here to purchase and get your UAL ([unique affiliate link](#)). Once you have your UAL, select what ever domain name you want. Go to a company that provides domain names such as [www.GoDaddy.com](http://www.GoDaddy.com) or [www.Register.com](http://www.Register.com) and check for availability. For example, let's say the domain name you want is [www.ILoveTransD.com](http://www.ILoveTransD.com). If it is available, buy the domain name or if not available, select a different name until you find one you like and that is available.

Once you've obtained your domain name, you simply forward your domain name to your own UAL. The way you do this is very simple and only takes about 2 minutes. Log into your account at the domain seller's site (where you just got your domain name) and look for the "Forwarding" option. This allows you to forward your domain name to any where you want.

Find this "Forwarding" function and type in your UAL in the forwarding blank. Hit "submit" and you're done! It may take up to 24 hours for your domain to start forwarding to your UAL. When you give your new domain name (in our example, [www.ILoveTransD.com](http://www.ILoveTransD.com)) to your potential referral, they will be sent to [www.TransD.com](http://www.TransD.com) by way of your UAL. This allows the referral to be automatically tracked back to you so you get the credit and the commission.

Before you begin referring people to your new domain name, make sure you first check to insure the forwarding function is working correctly and your domain name is correctly being forwarded to [www.TransD.com](http://www.TransD.com).

Method 1 - You're Ready - Now, simply give out your new domain name ([www.ILoveTransD.com](http://www.ILoveTransD.com) or what ever it is) to any person you feel will benefit from Trans-D Tropin® or you wish to refer to buy Trans-D Tropin® - I. You can do this one-on-one or you can recommend your domain name during a lecture to thousands of people. You can advertise it in a classified ad or you can market the domain name traditionally.

Or you can write a letter or simply send an email to your friends, family and loved ones and tell them your experience with Trans-D Tropin®. If they have a relationship with you, they will trust what you have to say. Make sure to mention your domain name (example we used is [www.ILoveTransD.com](http://www.ILoveTransD.com)) a minimum of 3 times in your letter or email, to insure everyone knows what they should do next.

When they go to your domain, it will automatically forward them to [www.TransD.com](http://www.TransD.com) via your UAL so that you are credited. Since your domain name is forwarded first through your UAL before going to [www.TransD.com](http://www.TransD.com), your

prospect can NOT avoid being tracked back to you for credit of the sale. To the end user, all they see is [www.TransD.com](http://www.TransD.com) on the top of the webpage.

## ➤ Marketing Method 2 - Using A Discount Code

**Use Discount  
Code 8328**

For this marketing method you will need your UAI (unique affiliate identifier). If you do not have one yet, click here to purchase your first [Trans D Tropin](#) bottle. You will notice that the 4 to 7 digit number at the end of your UAL is your UAI, which will also serve as a discount code for new referrals (only for the first order).

Method 2 - You're Ready - Give your referral the website ([www.TransD.com](http://www.TransD.com)) and tell them they can get a discount by simply entering the **discount code 8328** or the code that you give them (your UAI). The code you give them will allow them **to get a \$20.00 discount on their first order** just to try Trans-D Tropin® - I. They enter this code (your UAI) in the "coupon" field when they place their order.

Even easier, order your Referral Cards personalized with your UAI and simply hand them out. Remember, this code (which is your UAI) permanently links the referral to you. Every time they order, the computer tracks that this person was referred originally by you and you make a minimum of \$24.75 per order, per unit. For example, if they ordered 3 units that month, you get \$74.25.

This happens every month or how ever often they order. There are no limits to the number of people you can refer. And you get paid for your referral 1 month after the order has been shipped.
